

Mission Statement

Our mission is to ensure that each child is provided with the experience necessary to become a lifelong, self-directed learner and to think, reason, and participate productively in a diverse society. Therefore we believe: All students and staff have the right to learn in a challenging, safe, caring, and nurturing climate where the spirit of cooperation and respect for others is exemplified. A key purpose of schooling is to instill, in partnership with families, beliefs and attitudes that ensure that children understand, appreciate, and demonstrate the qualities of good citizenship.

Grading

Scale

Numerical grades are given in all classes:

4.0	A+	100%
4.0	A	99-93
